

DIY TERRACOTTA

PAINTED POT

SUPPLY LIST PLUS STEP-BY-STEP

Instruction

Terracotta Pot

Supply list:

- Terracotta pot (any size)
- White craft paint
- White craft/school glue
- Twine
- Foam brush
- Cardboard
- Scissors
- Plant
- Clear sealant (optional)

Step 1:

Paint the pot with 2 coats of craft paint. Allow the pot to dry thoroughly.

Step 2:

Paint the top band of the terracotta pot with craft glue.

Step 3:

Start wrapping the twine around the terracotta pot adding more glue to the twine making sure that it is saturated. This will make sure that the twine will stick to the pot.

Terracotta pot

Step 4:

Allow the pot to dry overnight.

Step 5 (optional step):

If you are wanting your pot to be located outside then add a layer of clear sealant to the pot. Allow the terracotta pot to dry thoroughly.

Step 6:

Add a plant and enjoy your new pot.
